## **Glory (U.S.A.) Inc. to Feature Enhanced Casino Kiosk Solutions at the NIGA 2011 Show**

*Glory (U.S.A.) to showcase latest kiosk solutions highlighting new business partners at the 2011 NIGA Show in Phoenix, Arizona*

**WEST CALDWELL, NJ, / LAS VEGAS, Nevada – March 9, 2011** – Glory (U.S.A.) Inc., [www.gloryusa.com](http://www.gloryusa.com), announced today it will attend the Indian Gaming 2011 Trade Show and Convention to be held in Phoenix, Arizona from April 3 ~ 5, 2011.

The Glory booth #1344 will demonstrate products that provide productive and efficient solutions to meet the cash management needs of both large and small casinos.

For close to 100 years, Glory has been providing cash management solutions for financial institutions and retailers worldwide. This experience has enabled Glory to understand the needs of cash management and provide the ability to utilize their world renowned design and manufacturing expertise to bring quality, reliable and productive solutions to the US casino and gaming industry.

“We’re excited to once again attend the 2011 Indian Gaming Show. This event provides us with the opportunity to meet with hundreds of customers and provide them with a customized demonstration focused on solving their cash management challenges,” said Tina Tuccillo, VP Marketing, Glory (U.S.A.) Inc.

The SK-100A is the highlight of the Glory presentation. It’s an easy to operate kiosk for customers that provides fast and accurate cash dispensing. It processes ticket-in and ticket-out transactions and provides bill-breaking and ATM functionality. With five currency cassettes, each with 3,000 note capacity and Web-browser based accounting, administration and monitoring capacities, the SK-100A offers casino management the opportunity to reduce errors and cost while improving productivity.

“We’re excited to speak with customers about our casino kiosk and our new relationships with some of the industry best cash access providers,” said Tom Bartelt, General Manager – Gaming Group. “We’re confident Glory will be able to present a quality, reliable and profitable kiosk solution for any size casino.”

Glory also provides reliable solutions for casino cage operations. The PD-600 currency dispenser and the RBU-11 currency recycler are designed so that cashiers can redeem tickets and generate employee banks for floor attendants and F&B, both available for demonstration.

As well, other Glory products highlighting efficiencies in cage operations and soft count rooms will be on display. Included will be the USF-100 currency desktop sorter which can count up to 720 notes per minute and reject unfit notes without interrupting the counting process; the UW-500 and UW-600 currency sorters providing four or eight stacker capacity offering fitness detection and orientation to reduce time due to fewer steps in the counting process and the GUS-100 ticket scanner to provide easy, fast and accurate sorting, counting and reconciling of currency and tickets.

Visit Booth #1344 for a live demonstration of how Glory can turn your cash management tasks into cash profitable ones. To learn more about Glory and Glory product solutions please visit [www.gloryusa.com](http://www.gloryusa.com).
